Dear James,

I am writing today with regard to our meeting of October 1, 2019 between your company and the Wyoming Department of Agriculture (WDA). We appreciate the dialogue we have had with your company during our meeting and since our initial meeting several months ago. As you have been working on HempChain, WDA has been simultaneously been working on the regulatory framework that will guide the modernization of the hemp industry in Wyoming. Since traceability and chains of custody for hemp are of critical importance to WDA and our partners in law enforcement, we are particularly supportive of your endeavors to utilize block chain technology to track hemp from field to retailer. We see HempChain as a potentially viable solution for issuing and verifying WDA bills of lading for hemp shipments.

As you may be aware, traceability is becoming a key element in the agriculture and food sector irrespective of hemp. We look forward to watching your technology solution evolve and please know, we are excited to collaborate with you on this project. Thank you for your work and if you have any questions or need any help, please call me at 307-777-6569.

Sincerely,

Doug Miyamoto
Director, Wyoming Department of Agriculture
